

## *iClickers in PHYS 1020*

An i>clicker remote is required for this course.

You can purchase it through the bookstore.

Prices: \$39.95 new  
\$29.96 used

The bookstore will buy back i>clickers at the end of term if you want to sell yours then.

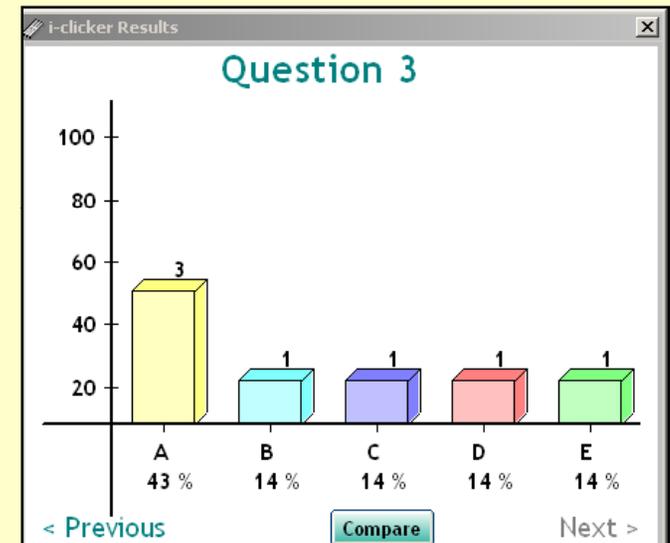

**Note:** We are using i>clicker, not i>clicker2.

**i>clicker**

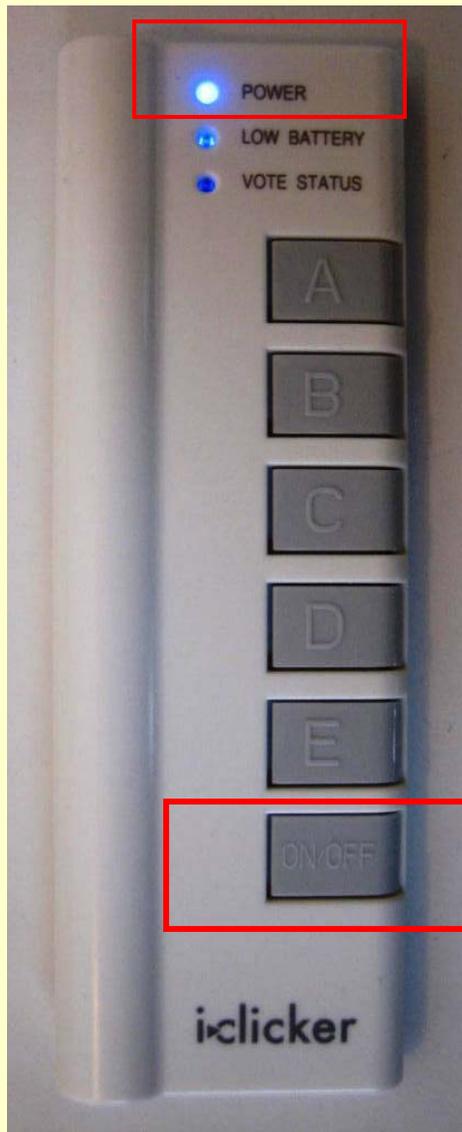

# *How will we use the clicker?*

- ✓ Your instructor poses questions on the screen during lectures.
- ✓ You answer using your i>clicker remote.
- ✓ Class results are tallied.
- ✓ Your instructor displays a graph of the class results.
- ✓ We discuss the questions and answers.
- ✓ You get points for participating and more points for answering correctly!

i>clicker

# *How do you vote?*

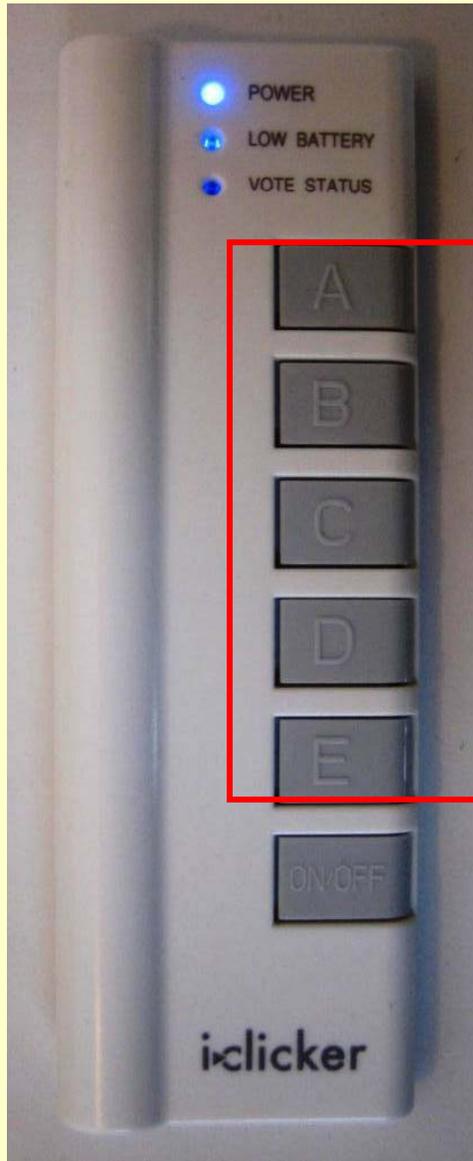

Turn on the clicker by pressing the bottom "On/Off" button.

A blue "Power" light will appear at the top of the remote.

**i>clicker**

# *How do you vote?*

When the instructor asks a question in class (and starts the timer), select A, B, C, D, or E as your vote.

Your instructor may also ask you to talk about your possible choice/answer with your neighbor or in groups.

**iClicker**

# *How do you know your vote was received?*

Check your "Vote Status" Light:

✓ **Green light** = your vote was sent AND received.

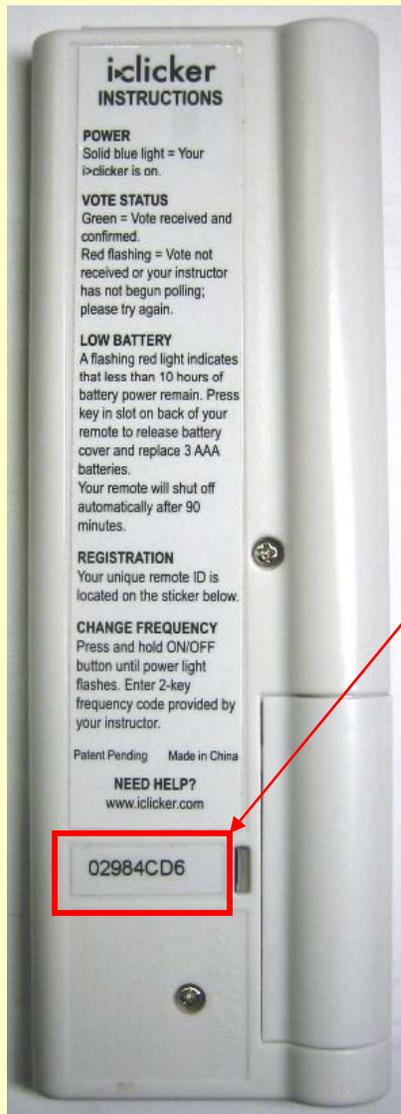

✓ **Red flashing light** = you need to vote again.

*Not sure you saw the light? Just vote again.*

*Want to change your vote? You can vote again as long as the timer is still going.*

**i-clicker**

# Registering your i>clicker

You can earn points for your i>clicker responses both for participation and answering questions correctly.

Until you register your i>clicker, your responses are tied to your i>clicker remote ID (located on the back of your clicker and inside the battery compartment), rather than to you. See your instructor if you cannot find your i>clicker ID.

When you do register online, your previously recorded voting responses will be assigned to you.

## Register Your Clicker

Thank you for using i>clicker! Please complete the form below. Your professor will then be able to credit for using your i>clicker in class.

NOTE: If you registered your i>clicker in Spring or Summer 2011, you will need to register again. Your registration is valid through the end of this term.

If your remote ID has rubbed off or is illegible, you can locate your remote ID by using our **look** you still have questions about registration?

## *Changing Your Frequency*

- ✓ Check the notice at the front of the classroom to find the correct **frequency** for your class. The **frequency** is given by a two-letter code, like **AB**.
- ✓ At the beginning of each class:
  - ✓ Hold your On/Off button for 2 seconds (the blue Power Light will flash)
  - ✓ Enter your classroom's **frequency**, e.g. **AB**
  - ✓ Your "Vote Status" light will turn green after you've entered this new frequency.
- ✓ Your frequency is now changed for the duration of the lecture & you may vote.

**i>clicker**

## *Other tips*

- ✓ If you bought a used clicker, replace the AAA batteries (all of them).
  - ✓ Do not use Duracell (they are a bit short for the casing).
  - ✓ Do not use rechargeable batteries (they harm the clicker).
- ✓ Register your clicker by **Monday, 12 September**.
- ✓ Before using a new clicker for the first time, pull the plastic tab out of the battery compartment.
- ✓ Bring your clicker to class every day!
- ✓ Make sure your remote is on when voting!
- ✓ Do not submerge your clicker in liquid (and avoid liquid near the clicker); like most electronics, liquid + your clicker is a bad combination.
- ✓ Check out [www.iclicker.com](http://www.iclicker.com) for FAQs.
- ✓ For help, contact [support@iclicker.com](mailto:support@iclicker.com) .
